

Questionnaire send to the enterprises every three month:

This questionnaire is send to contacts in the enterprises by an internet program.

The contact can fill out the questionnaire at once or when it suits him. The results are automatically summed up in a report.

The enterprises are not anonymous, but the reports are not published in a way that can link an answer to a given enterprise.

There is more information about the program at this address: <http://www.defgo.net/?lang=eng>
